

## **SCHOOL GOALS AND OBJECTIVES**

### **A. Generally**

The school is committed to excellence in education, equality of educational opportunity, and the recognition of each student's individuality. Inasmuch as students differ in their rate of physical, mental, emotional and social growth and vary in their needs and abilities, learning opportunities are provided that are consistent with personal development and potential. Programs shall emphasize diagnostic and prescriptive instruction, allowing an individual approach to each student's learning style and educational needs.

The educational program introduces each student to a variety of interest and subject areas that offer exposure to the range of opportunities available in later years. These experiences produce the basis for further education and future employment. As students demonstrate increased maturity, they may assume more responsibility for the decisions regarding their education.

The school environment should be responsive and conducive to learning. The physical environment facilitates and enhances the learning experiences available to each student. A responsive environment includes competent, dedicated teachers using a variety of techniques and a classroom atmosphere where students can function and develop according to their abilities. Safety, physical comfort, and appearance also are vital environmental components.

### **B. Standards of Quality and Objectives**

The Regional School Board accepts the overall goals of public education as expressed by the Standards of Quality legislated by the Virginia General Assembly and implemented by Virginia Board of Education regulations.

Participating school districts report the compliance of Maggie L. Walker Governor's School with Standards of Quality through their annual data reporting to the Virginia Department of Education.

### **C. Standards of Quality-Programs and Services**

The Regional School Board commits itself to providing programs and services as stated in the Standards of Quality to the extent funding thereof is provided by the General Assembly and local school districts.
