

WORKERS COMPENSATION PREFERRED PANEL OF PHYSICIANS

Any MLWGS employee who is injured as the result of an accident or a physical assault that occurs at work should assist, if possible, in completing an Employers First Report of Accident form with the Human Resource Office or designee. This will ensure that the employee is directed to a physician from the approved list of physicians (listed below) and will allow a determination to be made regarding medical expenses, reimbursement, and wage continuation.

ALL ACCIDENTS MUST BE REPORTED TO YOUR SUPERVISOR IMMEDIATELY

Medical expenses will be considered in accordance with the Workers' Compensation laws of the State of Virginia.

For work related injuries, medical services may be obtained from one of medical facilities listed below.

Employee/employer will request the physician to conduct a drug test with service provided or claim could be denied.
