

November 9<sup>th</sup>, 2020

Dear Prospective Maggie Walker Students and their Families,

Welcome to the 2020 Virtual Information Event! I hope that this message finds you safe as you are preparing for your high school education. It is an exciting time despite the current circumstances that are preventing us from being together.

On this page, you will find a couple of very useful videos and documents. First is the “2020 Virtual Info Night Presentation.” This video is about 17 minutes long and had an embedded video presentation by some of our students that runs about 7 minutes on the third slide. If you want to just see the student video by itself, it is also on this page and is labeled “MLWGS-InfoSession-StudentVid.” Additionally, you will find the 20-21 MLWGS Course Catalog and the Addendum that goes with it. Finally, you will also see the 2021 MLWGS Admissions Handbook. I am hopeful that while we are unable to be together that the videos and the documents will provide you with useful information as you make your high school decisions.

Please know that you can always contact your local Gifted Coordinator with questions about the application process or you can email or call the staff at MLWGS for questions about our program of study.

Best wishes and stay safe!

Robert C. Lowerre, PH.D.  
Director, MLWGS
