

MILITARY LEAVE AND BENEFITS

All employees of Maggie L. Walker Governor's School Regional Board who are members of the state or federal military reserves are entitled to leaves of absence from their duties on all days during which they are engaged in federally funded military duty, including training duty, or when called forth by the Governor.

Immediately upon receipt of official notice to report for duty, the employee will notify the director of the need for military leave. A copy of the official orders must accompany the leave request.

Pay/Paid Leave

All employees on military leave will receive up to fifteen (15) days paid leave per federally funded tour of duty. When possible, military leave for employees on less than a 12-month contract should be arranged during non-duty hours.

An employee who is scheduled for a physical examination for military service during working hours, including but not limited to pre-induction physicals, receives paid leave.

In addition, full-time employees of the Maggie L. Walker Governor's School whose active duty service with the regular armed forces of the United States or the National Guard or other reserve component requires the employee's absence from employment receives supplemental pay if the employee's military compensation is less than the regular salary paid to the employee by the school. At no time shall the MLWGS military pay supplement combined with the military base pay be greater than the MLWGS contractual pay.

The employee will be permitted, upon request, to use any vacation, annual, or similar leave that had accrued at the time military leave began.

Except as outlined above, military leave is unpaid.

Benefits

Health Benefits

If the employee so desires, the employee and the employee's dependents may continue to participate in the school's group health plan for up to 24 months while the employee is on military leave. The employee must notify the benefits coordinator in the Human Resources office if the employee wants to continue participation in the school's group health plan. Employees who elect to continue on the school's health plan will be responsible for the following payments:

Health, vision, and dental premiums are due to the school, payable to Richmond Public Schools (fiscal agent) on the first of each month during the election period at the rate advised by the benefits coordinator.

Retirement Benefits

An employee reemployed after military leave will be treated as not having incurred a break in service. The period of military leave will be considered service to the school for purposes of vesting and benefit accrual. The school is responsible for its pension plan funding obligation. The school is not required to make its contribution until the employee is reemployed.

The employee is allowed, but not required, to make up the employee's contributions to a contributory plan. The employee may repay his or her employee contributions for a period of up to three times the period of military service, but not to exceed five years. If the employee's retirement plan is contributory and the employee does not make up the employee's contributions, the employee will not receive the employer match or the accrued benefit attributable to the employee's contribution because the employer is required to make contributions that are contingent on the employee's contributions.

The employer and employee contribution will be calculated on the rate of pay the employee would have received but for the absence to serve military duty.

Reemployment

An employee who is entitled to military leave by reason of service in the federal military reserves is entitled to be reemployed by the Regional School Board as long as the employee

- has given advance notice of the need for military leave (unless notice is precluded by military necessity or is otherwise impossible or unreasonable);
- has not been absent for more than five years; and
- returns to work as outlined below.

If the employee was absent from work for

- less than 31 days, the employee must report back to work by the beginning of the next regularly scheduled work period after a reasonable amount of time to arrive home, rest and report to work;
- more than 30 days but less than 181 days, the employee must submit an application for reemployment within 14 days after the completion of service;
- more than 180 days, the employee must submit an application for reemployment within 90 days after the completion of service.

- Employees who are entitled to military leave due to service in the Virginia military reserves must make written application for reemployment within
- 14 days of release from duty or from hospitalization following release if the length of the employee's absence by reason of service in the uniformed services does not exceed 180 days, or
- 90 days of release from duty or from hospitalization following release if the length of the employee's absence by reason of service in the uniformed services exceeds 180 days.

Upon returning from duty, an employee will be restored to the same job the employee held before leaving or to a comparable job. The Regional School Board is not obligated to reemploy persons returning from military leave in certain unusual situations specified by state and federal law.

Termination after Reemployment

A person who is reemployed after returning from more than 30 days of military duty will not be discharged except for cause

- within one year after the date of reemployment, if the person's period of military service before the reemployment was more than 180 days; or
- within 180 days after the date of reemployment, if the person's period of military service before the reemployment was more than 30 days but less than 181 days.

Discrimination Against Members of Military Reserves Prohibited

Members of the military reserves will not be denied initial employment, reemployment, retention in employment, promotion, or any benefit of employment on the basis of that membership.

Any employee who returns from military leave shall have the advantage of any years of service increases which would have been due if the employee had remained continuously in the service of the school. The employee shall also have prior sick leave credit restored. The employee shall not accrue sick or vacation leave credit during the military leave absence.
