

Directions: Read through the following pages of Huntington's Clash of Civilizations: 1-10 ;15-16; 19-21; 28-29 (use the page numbering on the side, not on the article itself at the bottom of the page) and answer the following questions. Each question deserves a solid paragraph response. You will provide a hardcopy of your responses on the first day of class. The reading should take about 45 minutes and the responses about the same length of time.

- 1) How have the sources of conflicts changed over time according to Huntington?
- 2) What does he predict will be the new source of conflict and why does he make this assertion?
- 3) What does Huntington mean by Kin-Country syndrome?
- 4) What is a torn country according to Huntington?
- 5) How would the time frame this was written have influenced the ideas of Huntington?
- 6) To what extent has Huntington been correct/incorrect in your opinion? (Look at main world conflicts since 1993. Has it followed his model in your opinion?)
