

SCHOOL YEAR/SCHOOL DAY

School Year

The length of the school year is at least 180 teaching days or 990 teaching hours. The Regional School Board offers in-person instruction to each student enrolled in the school for at least 990 teaching hours except as otherwise permitted by Va. Code § 22.1-98.C.4 or Article 3 of Chapter 14 of Title 22.1 of the Code of Virginia. Days on which the school is closed due to severe weather or other emergencies are made up as provided below if necessary to meet these requirements.

Make Up Days

If severe weather conditions or other emergency situations result in the closing of school or in an unscheduled remote learning day for the school for

- five or fewer days, all missed days are made up by adding teaching days to the school calendar or extending the length of the school day;
- six days or more, the first five days plus one day for each two days missed in excess of the first five are made up by adding teaching days to the school calendar or extending the length of the school day.

If severe weather conditions or other emergency situations result in the closing of school and the school has been unable to meet the 180 teaching day requirement, Maggie L. Walker Governor's School may make up the missed teaching days by providing its students with instructional hours equivalent to such missed teaching days to meet the minimum 990 teaching hour requirement.

If severe weather conditions or other emergency situations result in the closing of the school for in-person instruction, the school may declare an unscheduled remote learning day whereby the school provides instruction and student services that are consistent with guidelines established by the Department of Education to ensure the equitable provision of such services. No more than 10 unscheduled remote learning days will be declared in a school year unless the Superintendent of Public Instruction grants an extension.

The Board of Education may waive the requirement that the school provide additional teaching days or teaching hours to compensate for school closings resulting from a declared state of emergency or severe weather conditions or other emergency situations under certain circumstances. If the Regional School Board desires a waiver, it will submit a request to the Board of Education. The request will include evidence of efforts that have been made by the school to reschedule as many days as possible and certification by the director and chairman of the Regional School Board that every reasonable effort for making up lost teaching days or teaching hours was exhausted before requesting a waiver. If the waiver is denied, the school will make up the missed instructional time.

The Board of Education waives the requirement that school divisions provide additional teaching days or teaching hours to compensate for school closings resulting from an evacuation

directed and compelled by the Governor pursuant to Va. Code § 44-146.17 for up to five teaching days. If the Regional School Board desires such a waiver, it notifies the Board of Education and provides evidence of efforts that have been made by the school to reschedule as many days as possible and certification by the director and chair of the Regional School Board that every reasonable effort for making up lost teaching days or teaching hours was exhausted. After receiving such notification, the Board of Education grants the waiver and there is no proportionate reduction in the amount paid by the Commonwealth from the Basic School Aid Fund. Further, the local appropriations for educational purposes necessary to fund 180 teaching days or 990 teaching hours shall not be proportionally reduced by the local appropriating body due to any reduction in the length of the term of school permitted by such waiver.

School Calendar

The Regional School Board establishes the school's calendar in accordance with state law. The Regional School Board establishes teaching contracts in accordance with applicable regulations of the Board of Education to include contingencies for making up teaching days and teaching hours missed for emergency situations.

An advisory committee composed of teachers, parents and school administration may be utilized to recommend a proposed calendar to the director. The recommendation of this committee is advisory.

Joint or Regional Schools

School boards operating joint or regional high schools, including regional charter schools, offering a specialized curriculum leading to a high school diploma and a postsecondary credential, such as industry certification, career certificate, or degree may, by agreement, establish alternative schedules for the delivery of instruction. Those schedules may include alternatives to standard school day and year requirements, subject to the issuance of any necessary waivers by the Board of Education and relevant Board of Education regulations.

Certification

The director and Regional School Board chair certify the total number of teaching days and teaching hours each year as part of the annual report to the Board of Education.
