

HOMEWORK

Homework provides an essential communication link between the school and the home. One measure of a program or course is the quality of the work done at home by the student. A strong home-school partnership, with many lasting benefits for the individual student and the student's family, can be greatly enhanced by a sound program of homework. In addition, homework should be an important tool in developing independent thought, self-direction and self-discipline. It assists the student in developing good work habits and in the wise use of time.
