

INVENTORY AND REPORTING OF LOSS OR DAMAGE

I. Inventories

The director is responsible for implementing a system of inventory of school property to identify items for the purpose of insurance and to control the loss of property.

The inventory shall include, but not be limited to the following: buildings, movable equipment, vehicles, and all other items of significant value. The school shall keep a complete inventory of all equipment, listing make, source, date of purchase, model, serial number, and other identifying data.

II. Reporting Losses

All loss of or damage to school property shall be promptly reported to the director or director's designee.
