

SICK LEAVE

1. Eligibility

The following employees can earn sick leave:

- a. A full-time employee.
- b. A part-time employee who works 50% or more of a full-time contract period

2. Accumulation of Sick Leave

Sick leave shall be credited in the following manner:

- a. A full-time employee shall earn leave at the rate of one day for each month of contracted employment.
- b. A part-time employee who works 50% or more of a full-time contract earns sick leave in proportion to the length of their contract (Ex: .8 FTE = 80% of full-time sick leave annual total).
- c. Sick leave may be accumulated without limit. The following schedule is used to compute sick leave:
 1. Annual sick leave accruals are determined by the length of the contract and are **front-loaded** at the beginning of each contract period to eligible employees.
 - a. Formula: the amount of accruals per pay period is 4 hours for twenty-four pay periods for 12-month employees (96 hours), 3.5 hours for twenty-one pay periods for 10-month employees (73.5 hours), and so on.
 2. In case an employee exhausts their sick leave before the end of their contract period and subsequently leaves MLWGS, any excess sick leave used beyond what would normally have been accrued will be subtracted from their separation pay. Similarly, if an employee departs before their contract period is over and has unused leave balances exceeding their regular accrual rate, those balances will be adjusted to the appropriate total and not compensated if the employee is eligible for such reimbursement.

If an employee's employment status drops below .5 FTE they will retain any sick leave balance earned while working in leave accrual status. They can continue to utilize this balance but will not accrue additional sick leave unless their status rises to .5 FTE or above.

3. Proof of Illness

As the director is responsible for overseeing sick leave privileges, the director or designee may require a certificate from a physician at any time.

A physician's certificate is required in every case of absence of three (3) or more consecutive days. This certificate shall state that the employee has been incapacitated from work for the period of absence. When such proof of illness is required and not presented, the absence may be considered leave without pay.

Following six (6) weeks of sick leave, the employee shall submit additional certification from their physician indicating that their physical condition requires further absence. Medical certification may be required under the Family and Medical Leave Act (FMLA) for any sick leave determined to be FMLA leave.

4. Reinstatement of Sick Leave Credit

- a. If an employee is on an approved leave of absence without pay for ten (10) or more working days in any calendar month, sick leave is not accrued for that month and will be deducted from the subsequent year's annual accrual advancement totals. Upon return to work from an approved leave without pay, the employee is entitled to resume normal accruals.
- b. If an employee is re-employed after separation of less than three (3) years, previously earned sick leave credits shall be reinstated provided the employee did not receive a payout of 'sick leave hours' at the time of employment separation.

5. Donation of Sick Leave

- a. Generally
 - Maggie L. Walker Governor's School (MLWGS) shall maintain a practice for full-time MLWGS employees who have a prolonged, catastrophic, or long-term illness or injury and who have exhausted his or her own sick and personal (UPB) leave to receive donations of sick leave from other full-time employees. Sick leave shall not be donated for family care.
- b. Eligibility
 - Full-time employees with five (5) years of consecutive service in need of sick leave donation shall make their need known to the director or designee in writing. Such written notification shall include written certification of need (pursuant to "A" above) by a licensed medical professional who is treating the employee.

- The director or designee shall certify via payroll accounting that the sick leave and personal leave balances of said employee have been exhausted.

c. Donation

- If a full-time employee requests and is found eligible for donations of sick leave, a written solicitation shall be sent to staff by the director or designee.
- Donations of sick leave to eligible full-time employees shall be voluntary, and donor names shall not be made public or known to the recipient.
- Donors of sick leave shall make their gift of leave in writing to the director or designee. Sick leave donations shall be made in amounts of “hours”. Any number of full hours may be donated.
- Eligible employees shall not receive leave donations under this regulation in excess of twenty (20) days in an academic calendar year.

6. Adoption

Accumulated sick leave (for a maximum of 20 consecutive days) may be used for an employee remaining at home with a newly adopted infant. Certification of adoption is required.

7. Illness in the Family

An employee may use up to ten (10) days of accumulated or anticipated sick leave per academic year for illness in the immediate family except in the case of a life-threatening or debilitating disease or injury. A physician’s certificate is required in every case of absence of three (3) or more consecutive days. The immediate family of an employee shall be regarded to include spouse, children, stepchildren, parents, stepparents, siblings, grandchildren, grandparents, and step-grandparents. Immediate family shall also include any other relative, no matter how distant, living in the household of the employee.

8. Physician’s Certificate

The director or designee may request a medical certificate at any time. An employee exhibiting behaviors that indicate impairment may be required to go directly to the emergency room or primary care physician.

9. Transfer of Sick Leave

Accumulated sick leave earned by an employee in a Virginia public institution will be accepted at full value upon presentation of acceptable proof of sick leave balance by an employee transferring to the school.

- a. Sick leave balance earned by an employee in a Virginia public institution will be accepted at full value up to 200 days (1,450 hours).
- b. Sick leave balance earned by an employee in a state public institution outside of Virginia will be accepted at half value up to 200 days.
