2. A review committee consisting of the executive director's designee, the library media specialist, the classroom teacher (if involved), a parent and/or student, and the complainant will convene.

The responsibilities of the committee are to:

- a. read, view or listen to the challenged material;
  - b. read several reviews, if available;
  - c. check standard selection aids;
  - d. talk with persons who may be knowledgeable about the material in question and similar material;
  - e. discuss the material;
  - f. make a decision to recommend retaining or withdrawing the material;
  - g. file the recommendation of the committee with the executive director or the executive director's designee;
  - h. notify the complainant of its recommendation and the disposition of the challenged material.
3. The complainant may appeal the decision to the executive director and then, to the Regional School Board.

Complaints about learning resources should be presented in writing using Form No. 6013.1, "Request for Reconsideration of Learning Resources" form, which may be obtained from the school office. The standards and procedure for review shall be consistently applied in recognition of the respective rights and responsibilities of all concerned. Materials shall be considered for their educational suitability and shall not be proscribed or removed because of partisan or doctrinal disapproval. Challenges which are not resolved by the executive director's designee may be submitted to the executive director. The decision of the executive director may be appealed to the Regional School Board or reviewed at the Regional School Board's request. The decision of the Regional School Board will be final.
