

**REGULATION ON STUDENT CELL PHONE, TABLETS, OR SMART DEVICE
INFRACTIONS DURING THE SCHOOL DAY**

Cell Phone/Mobile Device/Wearable Device Infractions

Students may use personal phones before school, at lunch, and after the school day. Personal phones must be turned off and put away during assemblies and in classrooms, unless expressly permitted by the teacher.

On the first offense, students will be given a verbal warning. This is tracked across classes.

On the second offense, the cell phone will be confiscated and released to students after school.

On the third offense, the cell phone will be confiscated and released only to a parent/guardian.

Repeat offenders (more than three offenses) will receive disciplinary consequences. Personal phones are not to be accessed in restrooms or locker rooms at any time due to privacy issues. Parents are discouraged from requesting the school deliver messages to students during the day unless it is an emergency.
