

COLLEGE BOARD SCHOOL DAY PROGRAM

Generally

In accordance with Virginia law, the Maggie L. Walker Governor's School Regional School Board provides for the administration of an approved college entrance assessment program to eligible students during the school day.

Assessment Administration

The school must participate in an approved college entrance assessment program, which may include the SAT or any similar assessment administered by the College Board. Such assessment will be administered during regular school hours.

If the program is offered during the fall testing window, the school must, to the extent feasible, align the program day with the PSAT testing window and offer eligible students the opportunity to take either the SAT or the PSAT, as appropriate, during regular school hours at Maggie L. Walker Governor's School.

Student Eligibility

All students will be afforded the opportunity to participate in such program at least once during their 11th or 12th grade year, in the fall or spring testing window. Each student must be provided with the opportunity to participate in the assessment program at Maggie L. Walker Governor's School.

Reasonable accommodations must be provided to students with disabilities and English learners in accordance with applicable laws and testing requirements.

Students are not required to participate in this program.

School Responsibilities

The executive director or executive director's designee shall coordinate administration of the assessment program in accordance with applicable law and state guidelines. The school must establish administrative procedures for communicating with students and families regarding program availability, scheduling, and expectations, and develop and implement procedures for student participation and processing opt-out requests.
