POLICY IMPLEMENTATION

Development of Regulations

The Regional School Board authorizes the executive director to create and update regulations necessary to carry out the policies adopted by the Regional School Board. Administrative regulations will not routinely be presented to the Regional School Board. A regulation will be brought to the Regional School Board when Regional School Board action is required by law or another Regional School Board policy, or when the Regional School Board requests review.

If the Regional School Board asks that certain regulations or types of regulations be approved by the Regional School Board, the executive director will present those regulations to the Regional School Board for action. The executive director makes all regulations available to Regional School Board members, employees, and the public and sees that the regulations are placed in the Regional School Board Policy Manual or are kept and published with the Policy Manual.

Dissemination of Policies and Regulations

Administrators and supervisors are responsible for informing staff members of all newly adopted or revised policies and regulations.
